FREE YOUR CREATIVITY
 POWER UP YOUR PLAY

DIVE INTO THE MAGICAL WORLDS OF tori™!

Discover our breakthrough Mirror Play™ technology, which is a 3D motion tracking solution, and jump into a surprising immersive experience! Your tori™ toys come alive on screen and reflect each of your move. Explore exciting universes and break down the limits between imagination and reality to open a world full of creativity!

EXPRESS YOUR PERSONALITY AND BUILD YOUR OWN CREATIVE JOURNEY!

Draw, design, color and craft some digital elements for real, then scan and find your creative imagination back in your own world! You can even create your own spacecraft with the 4 DIY cardboards included and play with your new creation in the Crystal Chase game!

ENJOY ENDLESS GAMES* & ACTIVITIES!

4 games available for free on Google Play™ Store and App Store.

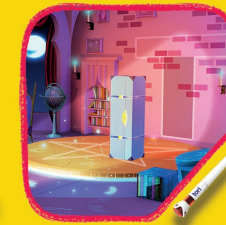

Crystal Chase

Dexterity and reflexes are key to defeating the Space Pirates

Jungle Rescue

Be smart and sharp to save Mother Nature

Shades of Light

Wizardry is afoot with this Perspective Puzzle Game

Supreme Builder

Imagine, build and create a whole New World

And multiple activities to express the full extent of your creativity.

Use the 40-page Creative Book to customize the game universes!

Creative Time

DIY Moment

Make your own Spacecrafts with the 4 DIY cardboards included and play with your creations

SUPPORT YOUR CHILD'S JOURNEY WITH THE tori™ DASHBOARD!

At tori™, we think that the type of creativity that happens when children play and the skills that they use during that play are important skills to nurture. With the tori™ Dashboard, you can monitor your children's game progress and consider the types of skills that they may be practicing for each activity. Get involved in your child's adventure through special challenges and rewards. Enjoy and share their creations!

CREATIVITY & PROBLEM SOLVING

Called upon to think about the information that one is given in new and novel ways to become an efficient problem-solver in and outside of school.

SPACE & NUMBER

Required when thinking about objects in space or number, time, and space and how they relate to each other.

EXECUTIVE FUNCTIONS

Necessary to remember information, think flexibly about it, set goals, and regulate behavior to reach those goals (e.g. selfcontrol).

MOTOR COORDINATION

Pertain to movement and, in particular, fine motor skills such as manual dexterity.

SOCIAL SKILLS

Emphasize how to get along with others and are developed as children play or work with parents and other adults, siblings, and peers.
