# THE BRAND and company 2023

# ABOUT THE FOUNDER

At just the age of 21, with no experience or support, I founded Artemix®. Artemix® was originally started as a custom-blend lipstick company. I envisioned myself to be busy all day, blending the perfect shade of lipstick for women who would become loyal customers and refer their friends to my new business. Well, the kiosk flopped, but I leveraged the experience into what I hoped would become a global custom cosmetics brand, Artemix®.

My dreams still floundered until I decided to offer **FREE** hand-painted temporary tattoos to children as a way to attract their mothers as customers. I soon after realized that what they really wanted was the fun and happiness that temporary tattoos and face painting brought to their kids faces. When a client asked me to create tattoos at a child's party, Artemix® took off and I never looked back! Nearly **25** years later, Artemix® has become New York City's Premier Body Art Entertainment Company. We have done over 7,000+ events while also innovating a line of artist-inspired body art products.

Tina Klideris - Founder/CEO

Priding ourselves on being one of New York City's leading body art company, Artemix® continues to expand and adapt to the growing and ever changing entertainment industry. Always listening and learning from clients and guests alike, we have taken action into bringing our services into the hands of our customers through retail products. Our Temporary Tattoo Kits give the user the ability to give themselves or others the Artemix® experience at home or on-the-go. We hold a design patent on the Artemix® Magnetic Palette and a Trademark for "The Art of Make-Up". Artemix® is ready and eager to take on bold new changes and reach new goals.

# ABOUT THE COMPANY

Starting in a mall kiosk with just one artist in 1998, Artemix® has grown to be the premier Body Art Entertainment Company in New York City. Servicing clients throughout the Tri-State area, our team of talented artists have delighted clients at over 7,000+ events. Artemix® Entertainment specializes in Airbrushed and Brush-On temporary tattoos, face and body painting, custom airbrushed party favors, Mixed Medium painting, walk-around body art, Glitter Bars, and many more unique, in-demand services. All our artists add a memorable element to your party. We set up on location at your special event, creating personalized items for your guests to enjoy.

Artemix® services are perfect for any type of social function, ranging from private parties to public and corporate events. We are committed and pride ourselves on using only the highest quality materials, consisting exclusively of FDA Approved ingredients and cosmetic grade pigments and dyes. None of Artemix® Brand products contain PPD, or "Black Henna." Temporary Tattoo Ink, face and body paint are safe, gentle, and long lasting. Artemix® Brush-On Formula Temporary Tattoo Ink is made in the USA, Vegan, and lab tested cruelty free. All products are housed and packaged in recyclable waste materials.

# IN-STORE POP-UPS

The Artemix® vision is to leverage our event-based experiences into a strong brand presence. Over the years we have successfully hosted events for prominent retailers such as Bloomingdale's, Lord & Taylor, and Neiman Marcus, where guests experienced real-time customized body art and temporary tattoos. We would love to evolve this specialty into a permanent installation across retail stores nationwide, similar to Le Labo Labs, The Bite customization counter, and the well known Nike Innovation Labs, where younger customers and families can enjoy an individualized Artemix® Body Art experience any time they are in store. Further more, we believe that the Artemix® Experience could become a value-added incentive to visit retail shops across the country.

## IN-STORE POP-UPS:

Artemix® is proud to introduce our new **Professional Grade In-Store Salon System**. This full body art set-up is the perfect addition or special Pop-Up to your store.
